No matter what type of healthcare insurance coverage you have, Jiggered will help you understand where you fit into the overall scheme of things, how your specific type of insurance works and how it will be affected in both quality and quantity over the next few years. You'll find that the only real crisis in healthcare is the one caused by the Federal government's inability to fiscally control and monitor itself.

Who is being jiggered? Who is being unethically manipulated for someone else's gain? It's probably you and everyone like you. You have a job, pay your taxes, feed, clothe, educate and insure your children, own a home or are saving for one and generally behave in a lawful, fiscally responsible and upstanding manner. You're an ordinary upper or middle class American. Some of you have made it through the daily struggle to realize your dreams and have found financial rewards and others of you are still working at it. You all have one thing in common. You're part of the solution, not part of the problem. Are you jiggered? You figure it out.
