LADS INCORPORATED EBOOKS 2019

Author: Alan Paul Kelly

Realese Date: Expected @@expectedReleaseDate@@

Some (my mate Barry mostly) have compared this tale with Homer's Odyssey and in many ways it is similar; it's a tale of heroic young men journeying long and hard through foreign lands to try and get home to their loved ones... But obviously without all that whining Greek melodrama and the sleeping with their mothers and the murdering their own children and all that old bollix. Lads Incorporated – an adult comedy is set in modern-day, Dublin Suburbia, amongst the educated, new working-class affluent; the beneficiaries of the Celtic Tiger. It is the story of five North Dublin lads and a summer night that will affect them all in different ways and change at least two of their lives forever. A lads night out that quickly degenerates into a series of strange and hilarious misadventures for our trusty heroes. At the heart of the story is the theme of coming to terms with change. It is a comic look at modern Dublin, its characters, rich language and atmosphere.
