Day after day passed by and I followed the same exact same routine day in and day out for a very long period of time. During the last few months of me constantly working like crazy for someone else, I began to think. I began to think about what I was actually doing. I kept thinking to myself "Do I want to do this for another 40-50 years?". "Is this what my life is going to be about, constantly working until I'm old and grey for a salary that barely lasts a month". It was not until I discovered this thing of having multiple streams of passive income that everything changed. To be honest, at first, I thought it was just another money-making scam. I thought why would anyone share information on how to create wealth and get rich? Even though I did not really believe any of it, I still decided to give it a shot, and trust me when I say this: IT WAS WORTH IT. At that time, there was no one in the world that could possibly convince me that you could earn money for months and even for years while relaxing on a beach somewhere. I'm aware of the fact that money does not make you happy, however, money gives you freedom. It gives you the freedom to do anything you desire. It gives you the freedom to spend your time on what is important to you. It gives you the freedom to be with your loved ones. Yes, money alone does not make you happy but all the things you are able to do when being financially free, that is going to make you happy.
