TRADE THE PRICE ACTION EBOOKS 2019

Author: Laurentiu Damir

Release Date: Expected @@expectedReleaseDate@@

Trade the Price Action

Forex price action trading system with over 90% winning rate.

Components: price action trends/ support and resistance/ fibonacci retracements/ candlestick patterns

The book describes in great detail with chart examples a personal forex price action trading system that has a winning rate of over 90%.

It is a complete forex strategy with clear entry, exit and stop loss rules. The risk-reward ratio for all trades done with this strategy is at least 1:3 for every trade. All a trader has to do is follow the rules of this price action system. This book contains all the information a trader will ever have to learn and master to be successful in the foreign exchange market. You do not need technical indicators, you do not need expensive robots to trade for you, all you need to be a very good trader is a simple chart and the trading system this book describes. Read it, learn it, respect its rules and you will have no problem in achieving success in the financial markets.
